

B
1 I remember when I found you
E
 sitting at the pound, your owner gone away
B F#
 A stray
B
 I brought you home, you were my own
G#7
 looked after you until you'd grown
C#7 F#
 a lot of quiet time we'd spend, my friend

B B7
CHORUS You are my dog and I'm loving you
E Fdim
 I see your true collar's shining through
B G#7 C7# F#
 You're the best breed of friend indeed
(first time) **B F#** *(second time)* **B E B**
 I will take your lead

2 Two brown eyes two ears above
 A hairy face that's made to love
 an old dog with one trick
 teaching me to fetch a stick

When I'm hangdog and lost my cheer
 You'll appear, lend me your ear
 You seem to know when I feel down
 And hang around.

TRUE COLLARS

CHORUS
B B D# G#m E7
 Because we all need somebody to pick a bone with
C#7 F# D#7
 Somebody to be alone with
G#m C#
 I'll just call: you'll come and say...
F#
 Nothing at all.

5 To be intelligent and act so dumb
 Is the smartest thing to do for some
 But I hear happiness
 In that yappiness

6 It's hard to leave and separate
 Still see you waiting at my gate
 For a talk and for a walk
 With my best mate

CHORUS **C# G#**
 I will take your lead
E Fdim
 You know where I'm at: I'll give you a pat
B G#
 I will take your lead
C# F#
 Now I'm going back to run with the pack
B
 I will take your lead
